

Rhode Island Saltwater Anglers Association Adult/Junior Party Boat Fishing Trip Held Saturday, August 12

What a great day! The trip was sold out, with all 50 spots taken, but a threat of rain caused several families to cancel.

“Those who chose to cancel missed a great day,” said Trip Leader **Diane Valerien**. “It didn’t rain at all and everyone caught fish!”

“This was one of the best trips we’ve every done,” said **Pete O’Biso** who brought his two granddaughters, **Lexie and Julia Taylor**, on the trip. “I saw lots of fish coming over the rails.”

One of the comical things that happened during the trip was when Lexie caught at keeper black sea bass and reeled it in at the same time grandfather Pete brought in a tiny sea bass.

As it turned out, lots of keeper size black sea bass was caught during the trip, including fluke, scup and a couple of sea robins.

Keith McPhee brought his two sons, Junior Members **Miles and Dylan**, who both hooked up with several nice black sea bass. “Thank you RISAA,” said Keith in an email he sent in after the trip.

“We had a great boat captain,” said Valerien. Every time the bite slowed he would move the boat to put us on the fish again.”
