The follow was a text message sent by the mother of one of the Youth Fishing Camp children to member **Rick Marshall**, one of the group leaders for the Green Group of children.

*Hi! Oh my word. Short of saying that the camp changed his life...I don't know what else to say. He has NOT taken his hat off since the camp!*

*He won't take the hat off and he hates hats.*

*When he got in the car from graduation he said, "Mom I am going to miss everything about that camp, and everyone at that camp!"*

*The camp made his entire summer! The food was AMAZING which is important to the kids! The only thing I can think of is if they could make it the full week! I had actually never seen Jack enjoy himself THAT MUCH! It was a life changing experience for him, and something that we will always be grateful for! Thanks to all that make this camp happen!*

*It was just so special! He teaches us everything he learned all the time too! The facts and figures! The volunteers were so sweet to the kids and it was a nice break for 'parents' lol.*

The above message was written by **Jan Cornell** of East Greenwich. Her son **Jack Bollenger** loved the camp so much that Jan joined and is now a RISAA member, and plans to keep the family involved!

**Jack with fluke caught during Fishing Camp**
